**PERMIT APPLICATION FOR
DRIVEPIPE AND
DRIVEWAY INSTALLATION**

The undersigned hereby requests permission to install a drivepipe and driveway in Crawford County right-of-way and declares that installation shall be made in accordance with the following specifications as set forth by the Crawford County Engineer.

Applicant Name _____ Contractor Name (if not County) _____
Address _____ Address _____
City _____ Zip Code _____ City _____ Zip Code _____
Telephone _____ Telephone _____

Drivepipe and driveway to be installed by County forces (circle one): Yes | No

(If "Yes", see page 3 for estimated costs.)

Description of Installation _____

_____ Marked With: Flags Paint
County Road Name _____ Address Number _____ Township _____

Type of proposed drive (circle one): Residential | Agricultural | Commercial

Surface of proposed drive (circle one): Concrete | Asphalt | Aggregate | Grindings/RAP

Width of proposed driveway: _____ feet

Side of highway on which proposed driveway is to be located (circle one): North | South | East | West

Proposed pipe diameter*: _____ inches

Proposed pipe length*: _____ feet

Proposed pipe material (circle one): Double-Wall Plastic | Used Gas Pipe

* Minimum dimensions shall be 10 inches in diameter by 30 feet in length. Some locations may require a larger size pipe as determined by the Crawford County Department of Engineering.

The edge of the proposed drive shall be a minimum of 10 feet from the property line, and, if applicable, a minimum of 50 feet from the end of a bridge. If the proposed drive is to be concrete, the concrete must stop at the right-of-way line with the portion of the drive within the right-of-way being either asphalt or aggregate.

Show in a sketch below where the drive will be located in relation to existing property lines and bridges (if applicable).

Indicate North

I, the undersigned, acknowledge that by obtaining this permit, neither Crawford County, nor its agents, assumes any responsibility as to the adequacy of the proposed drainage facility. The applicant shall notify the County Engineer two (2) working days before construction begins and the date construction is completed. Following approval of the permit, all work shall be completed within 60 days. If the project is not completed within this timeframe, the applicant shall apply for another permit.

The applicant assumes all future maintenance responsibility for the drivepipe as well as for the driveway.

Signature of applicant: _____ Date: _____

[Office Use Only]

Right-of-way width of highway: _____ feet

Direction of flow of existing roadside ditch (circle one): North | South | East | West

Depth of existing roadside ditch below edge of pavement: _____ inches

Distance to center of existing roadside ditch from edge of pavement: _____ feet

Horizontal alignment of highway (circle one): Straight | Gentle Curve | Sharp Curve

Vertical alignment of highway (circle one): Level | Rolling | Hilly

Site inspected by: _____ Date: _____

The applicant is hereby authorized to install a drivepipe and driveway along the above-described roadway at the location specified.
